OF THE UNITED STATES WITHIN THE MEANING OF THE ESPIONAGE ACT 50
U.S.C., 51 AND 52, AS AMENDED. ITS TRANSMISSION OR THE REVELATION

THIS IS UNEVALUATED INFORMATION

1. The submarine O.R.P. SEP has been completely rebuilt in the Gdynia shipyard. The submarine is now capable of diving. Its torpedo apparatus has been adapted for use with Soviet torpedoes, and a new Soviet gun, approximately 100 mm, has been installed.
2. The authorities are making great efforts to strengthen as rapidly as possible the discipline in the Polish Navy. A growing number of navy politruks are being dismissed or arrested for party deviation, lack of energy, and for bad political training of sailors. Among the navy politruks who have been arrested are the following: Captains Ordon, Gleich, and Gronkowski, and Lieutenants Lesniewski, Zaramba, and Dzdziak. Commander Urbanowicz is still the chief navy politruk, although his position is becoming weaker.*
3. The Liga Pracy iaciol Zolnierza (League of the Friends of the Soldiers), to which all party and youth organization activists must belong, will now provide assistants for navy and army politruks in order to accelerate political education and strengthen discipline.
4. The former commander-in-chief of the navy, Admiral Steyer, still lives in Gdynia as an ordinary civilian. At present, he is unemployed and is looking for a job.
5. The military authorities have taken over Holm Island (Q55/Y81), near Gdansk, from the civil authorities, and are now handling the administration of the shipyards and liquid fuel stocks which are located on the island.

 Comment: There have been unconfirmed reports that Urbanowicz was being ousted.
